

## AN OLD PAINTING

Professor Dutt, an archaeologist, found this picture in a 3,000-year-old tomb. He did not believe it was an old picture. He knew his friends were playing a trick on him. Spot at least five things that should not have been in the picture. Cross them out.

### Did You Know ?

An archaeologist studies a period of history by examining the remains of old buildings and the objects found in them.

### Find Out

... who painted the famous 'Mona Lisa', and where it is now.

## Listen and Talk

Make your own 'odd one out' list. Three items should be similar to each other and one should be different. (you can take a hint from the groups of items on this page). Ask your friends to spot the odd one out in the group.
